Last, I want to get up early in the morning so that I am not late for school.

- 1 Sue wants to learn how to play the violin.
- 2 Sue wants to lose weight.
- 3 Sue wants to get nice scores on the math test.
- 4 Sue can help Karen.

[23~24] Read the passage and answer the questions.

What causes seasons? That's because of the tilt of the Earth and the Sun. The Earth has a tilt of 23.5 and travels around the Sun each year. Summer happens in the hemisphere tilted towards the Sun, and winter happens in the hemisphere tilted away from the Sun.

When the North Pole is tilted towards the Sun, the days on the northern part get more sunlight or longer days and shorter nights. With longer days, the northern hemisphere heats up and gets summer.

23. What causes seasons?

- 1 The Earth travels around the Sun.
- 2 The tilt of the Earth and the Sun
- 3 The size of the Earth and the Sun
- 4 The moon travels around the Earth.

24. Which is true when the North Pole is tilted towards the Sun?

- 1 The days on the northern part get less sunlight.
- 2 The days on the northern part get shorter days.
- 3 The days on the northern part get longer nights.
- 4 The northern hemisphere heats up and gets summer.

[25~26] Read the passage and answer the questions.

Hippocrates was an ancient Greek doctor. He is called as the father of medicine. He discovered many things that are still practiced today. He also did great efforts in study of medicine.

He also built the Hippocratic School of medicine. This school changed the old means of medicine in Greece. It did great roles in separating medicine from superstition. It taught observation and deduction.

This was not the same with other medical schools in Greece. Other schools stressed detailed diagnosis and classification of diseases but ignored the patients.

25. Which is NOT true about Hippocrates?

- 1 He was an ancient Greek doctor.
- 2 He is called as the father of medicine.
- 3 Many things he discovered are not practiced today.
- 4 He did great efforts in study of medicine.

26. Which is NOT true about the Hippocratic School of medicine?

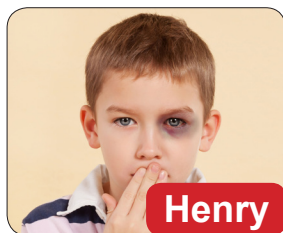

- 1 It changed the old means of medicine in Greece.
- 2 It did great roles in separating medicine from superstition.
- 3 It taught observation and deduction.
- 4 It was the same with other medical schools in Greece.
